Applicant: MCM Integrated Technologies Ltd.  
MARK: netRAQ

**SUBJECT: Request for Amendment**

Please accept this letter as our request to amend our original application as there was an error indicating the mark style. In the original application, the netRAQ mark was written in upper and lower case characters; however it has been brought to our attention that we should have also indicated that it was a "stylish" mark as opposed to a "type" mark. We would like to request that our trademark application be revised to reflect "netRAQ" as a stylized mark and as a result for all further correspondence to be reflective.

Thank you very much for your attention to this request. Should you require additional information or have questions, please contact me directly at 604.876.7494.

Yours truly,  
MCM Integrated Technologies Ltd.
